

**"Grace is involved in school life. She is motivated, kind to others and mature in her outlook."**

## Lär känna Grace

Grace är född 2008 och kommer från Australien. Hon kommer i november 2024 och stannar under två månader. Intressen är bl. a. netball, simning, surfing, kyrkoaktiviteter, matlagning och bakning. Hennes favoritämnen i skolan är handelskunskap, hemkunskap och samhällskunskap.

Hej, mitt namn är Grace! Hello my name is Grace! First of all, thank you so much for your interest in hosting me in november I am excitedly looking forward to meeting you. My name is Grace and I'm from Australia. In my week I like to do netball, surfing, cooking, listen to music and go to church. I have netball most days a week, on Tuesdays I have a school competition, on Wednesday I have my club training, on Thursday I coach an under 12s club team and on Saturday I have my club competition. I love to play and coach netball because I do it with my friends and the younger team is lots of fun to coach. In my free time I like to go surfing. I sometimes go early at 6am before school and I sometimes go on the weekend. I love to go surfing in the morning before school because I get to see the sunrise and it is really pretty. I also like to cook and bake food for my family. Some of my favourite things to cook and bake are a raspberry and lemon cake, spaghetti bolognese and beef tacos. I like to make a raspberry and lemon cake because it is my favourite flavour and we can't buy it at the supermarket. I also like to listen to pop music some of my favourite artists are Taylor Swift, Gracie Abrams and Harry Styles. I've seen all of them on their tours to Australia and my favourite concert was Taylor Swifts because she had so many amazing outfits and sets. In my family there is my mum Angeline, my dad Roger, my younger sister Beth and I. I also have two orange cats named one is named Sophie and the other Mr big. On the weekends like to go shopping and eat lunch with my mum. When it is sunny I like to go to the beach or out on the boating with my dad. I like my sister because she is nice but sometimes she can be a little bit annoying. My sister likes netball and surfing like me but she also does dance. I hope to go on exchange to Sweden for a plethora of reasons. The main reasons I would like to go to Sweden is to learn a new language, travel and explore more of the world and experience the beautiful nature in Sweden. Moreover, when I'm in Sweden I would love to experience all of its natural beauties. In particular I would love to see the snow and the northern lights. I recently visited Japan for the first time this year and fell in love with the snow. I went snowboarding for a week with my family and had so much fun. I would really appreciate it if on my trip to Sweden I could go try snowboarding again because back home in Australia where I live we don't get any snow. I would also love to see the northern lights for the first time.

Thank you for taking the time to get to know me! I am so excited for my exchange to Sweden and hope that the experience will be equally as exciting and rewarding to my host family.

Kind regards,

Grace
