Dear Host Family,

before telling you something about myself I want to say that I am very grateful to get the chance to do an exchange year and to learn something about the Swedish culture. I am excited to live in a Swedish family.

My name is Mirjam and I am a 16 years old girl. I live with my family in a small house next to an evangelical Lutheran church, where my mother is the pastor. My father is the head of the enrollment office of the university in our city. I also have a sister. She is 19 years old and is finishing school in 2025. I have much fun with her. I can talk with her about everything. But, of course, sometimes we argue. Nevertheless I love her and my parents, too.

I am a very active person, so I go to school by bike and anywhere else too. My favorite subjects in school are sports, art and math. My biggest hobby is horse riding. Every Monday, Friday and Saturday I share riding a horse, her name is Loni, at a stable. For me it is more a free time activity than a tournament sport. My favorite meals are pizza, pasta or French fries, but I am open minded to all kind of food.

Another thing I can say about myself is that I often help in the church. For example I help with the confirmation course in our church by travel with them on religious rides, as a teamer. But I am not just interested in my religion I also like to learn more about other religions.

My best friend is called Emily and I have known her for like three years. We met in our confirmation course. Now she supports me and I support her in every situation and I like her very much. Both of us ride at the same stable.

Another activity I love to do in my free time is reading. My favorite book is the graphic novel „Heartstopper“. I like coming of age and fantasy books like „Percy Jackson“. „Heartstopper“ is one of my favorite TV series, too. Just like the Swedish TV series, Young Royals.

I first had the idea to do an exchange year in Sweden, because of Young Royals. But after I learned more about the country I had so much more reason for doing this exchange year. For example the countryside and especially the school system with a focus on creativity, critical thinking and the individual needs of each student. My favorite films are all from the marvel universe. But in my opinion the best film is „Avengers Infinity War.“ My favorite character is Black Widow because she is such a strong and powerful woman.

At the weekend I like to meet friends or do activities with my family. I also like to go to sports events like American football games. If my parents ask for help with household tasks I help them every time.

I am very excited to meet you and I am looking forward to my time in Sweden.

Best regards, Mirjam
