

"Giacomo is a remarkable individual, respectful, takes ownership of his actions, honest and contributes positively to group projects."

Lär känna Giacomo

Giacomo är född 2008 och kommer från Italien. Han kommer i augusti 2025 och stannar under ett läsår. Intressen är bl. a språk, gymträning, musik, matlagning, filmer och böcker. Hans favoritämnen i skolan är latin, biologi, bild, historia och engelska.

Dear Host Family,

I'm Giacomo, I'm 16 years old and I'm from Italy. I'm currently attending the 11th grade. I'm a curious, adaptable and ambitious person. I hope to meet you soon and have the best experience possible.

During my day I wake up at 6am, then I prepare and go to the bus station at 7am. I go to school by bus and attend lessons, which start at 8 o'clock. When school finishes, at 2pm, I get home by bus and cook for my brother and me, then I study and practice my hobbies. Sometimes I stay at school in the afternoon too to carry out after-school activities, for example, I'm attending a biomedical project this year.

During my free time I enjoy reading, watching movies, hanging out with my friends and taking part in sports.

When I hang out with my friends we like to sit somewhere and talk for hours, spending quality time together.

I also like spending time with my family; we enjoy going out for daily trips, watching movies and playing board games together. I am very attached to my grandmother too; she raised me and we still have good times cooking together and playing cards, especially during Christmas.

At school my favourite subjects are history, Latin and English. Other than Italian and English I speak a bit of French and I started learning Swedish a couple of months ago; I'm making progress and I think I'll manage to speak some Swedish within the beginning of summer.

Being an Exchange student has always been my dream, especially in one of the Nordic countries: I admire your country, your language and your culture a lot, I think I am making the right decision picking Sweden.

After high school I'm planning to enroll in university in the Faculty of Medicine to become a doctor in the future.

I really hope I'll bring you some of my culture and that I will learn a lot from you and your customs.

Thank you!

Giacomo
