Dear Host Family,

my name is Nele, I am 16 years old and I come from a small town in Germany. I would love the opportunity to become part of your family and get to know a new culture. In my free time I am interested in crafts and reading, but I also like to sing and act in theater. I like to play the drums, swim (since I was little) and ride horses (since five years), which helps me to relax and keep myself busy. I would be happy to share these interests with you and learn more about your hobbies and traditions.

I am very curious to see what life is like in your family and what activities we can do together. It would be great to learn new things and maybe try some typical things. I am open to new experiences and look forward to spending time with you. I hope that we can create many beautiful memories together.

I would also like to mention that I have a great love of traveling. I have already taken part in three student exchanges with my school, so I also have some experience in host families. It is always exciting to discover new places and experience different cultures. I am also interested in learning the language better, as I have traveled to Sweden with my family since I was little, I already know the basics. I am sure that I can learn a lot from you and hope that I can also bring some of my own experiences and culture.

I look forward to hearing from you soon and hope that we will have a wonderful time together. Thank you very much for this great opportunity.

Best regards,

Nele
